Objective

Third-year Electrical and Computer Engineering student at the University of Cape Town with a strong interest in automation and smart technology solutions. Passionate about applying engineering principles to real-world industrial challenges in mining and construction. Skilled in programming, problem-solving, and working with electrical systems and laboratory equipment. Multilingual and thus easily adaptable, collaborative, and eager to contribute to Komatsu's innovative and technology-driven environment.

Education

- University of Cape Town** 2021 - 2026
BSc Eng in Electrical and Computer Engineering
- Landulwazi comprehensive school** 2015 - 2020
National Senior Certificate
80.63
- Kutlwanong Centre (Promaths)** 2017 - 2020
Mathematics, Science and Technology
85

Experience

- University of Cape Town** May 2025 - Nov 2025
Classroom Support Services (ICTS CSS)
 - Assist students and lecturers by setting up classroom technical equipment, ensuring computers, audio-visuals, projectors and rack equipment.
 - Provide real-time technical support.
- Institute of Electrical and Electronics Engineers - IEEE** Nov 2024 - Nov 2025
Vice Chairperson
 - Support the Chairperson in leading the organization, facilitating meetings and coordinating activities.
 - Drive strategic planning, member engagement and partnership development.
- Institute of Electrical and Electronics Engineers - IEEE** Nov 2023 - Nov 2024
Treasurer
 - Manage the organization's finances, maintaining records, preparing budgets and monitoring expenses.
 - Ensure transparency and accountability by providing regular financial reporting to the executive committee and overseeing funding sponsorship and sponsorship.
 - Received an award for my elected leadership role.
- South African Local Government Association - SALGA** Jun 2023 - Jul 2023
Engineering Internet Student
 - Responsible for drafting municipal water and sanitation tariff design.
 - Delivering drafts on wastewater risk abatement, blue drop corrective action and no-drop implementation plans.
- UCT Plus** Feb 2023 - Dec 2023
Engineering and Built Environment Mentor
 - Assisted first-year engineering students in settling into university life by providing ongoing academic and general support throughout the year.
 - Offered mentorship, shared technical knowledge, and guided them through academic challenges, fostering a smooth transition and personal growth.
 - Received a role-modelling leadership award.

Skills

- IT and Computer
- Programming and Software Development
- Analytical and Problem-Solving
- Design
- Communication
- Technical Support
- Leadership and Mentorship

Language

- English
- IsiZulu
- Portuguese
- Xitsonga
- Sesotho

Interests

- Machine learning
- Software
- Food Engineering
- Book collections/reading
